## Poster Sessions

February 7 & 8 | East Village 17th Floor

Experience innovation first hand as interdisciplinary researchers of all levels from Northeastern and beyond present global health research during three poster sessions. Abstract submissions are now open.

## Research Sessions

February 7 & 8 | East Village 17th Floor

Northeastern and guest faculty will present scholarly research focusing on the key themes of the conference pillars.

Full schedule and live stream available at <https://bit.ly/NUGlobalHealth>

Sponsorship information available at <https://bit.ly/GHCW-sponsorship>

## Tech Talks

February 7 | 5:00 - 6:30pm | East Village 17th Floor

Connecting present and future industry leaders through exciting presentations on current innovations and cutting edge technologies in the field of global health. Live stream will be available.

## Networking Sessions

February 7 & 8 | East Village 17th Floor

Two distinct sessions will offer guests an opportunity to converse on academic partnerships and faculty to explore joint research opportunities.

## Workshops

February 8 | East Village 17th Floor

A series of highly interactive workshops designed by students in collaboration with interdisciplinary global health experts. Designed to connect audience with workshop leaders and build relationships beyond the conference and into research collaborations, experiential education opportunities, mentorships, and expand the global networks.
